SKILLS

- Programming: Python, Java,Html,Css
- Data Tools: MySQL, Microsoft Excel, Power BI
- Soft Skills: Communication, Teamwork.

LANGUAGES

- English
- Hindi
- Marathi

CERTIFICATES

- AI Fundamentals
- Excel Training
- Python Programming
- Graphs Camp Completion
- AI & Data Analytics

INTERESTS

- Learning new technologies
- Travelling

PROFILE

I am currently pursuing MCA and have successfully completed my first year, along with my BCS graduation. I am passionate about Data Analytics and interested in working with data to find useful insights and solve problems. As a fresher, I am eager to learn new skills and improve my knowledge in programming, SQL, and data analysis tools. I am hardworking, a quick learner, and excited to start my career in the IT and analytics field.

WORK EXPERIENCE

GTT Data Solutions Limited

FEB - APR 2026

ML Intern

- Successfully completed an internship at GTT Data Solutions Limited as part of the MCA program at Trinity Academy of Engineering.
- Gained practical experience in Machine Learning through real-world tasks and projects.
- Improved problem-solving, teamwork, and professional communication skills.
- Worked collaboratively with mentors and team members during the internship.
- Developed industry knowledge and hands-on experience in AI and data-related technologies.

Inditronics Pvt Ltd

JUNE - OCT 2025

Data Analyst Intern

- Analyzed and classified radio broadcast content for AI & ML training purposes.
- Tagged and categorized audio segments such as advertisements, songs, and programs.
- Worked with Python libraries like pandas and numpy for data analysis and processing.
- Assisted in maintaining datasets, database management, and generating insights using Power BI.
- Supported AI model training for fingerprinting and chatbot development.

EDUCATION

Master of Computer Application (MCA)

Trinity Academy Of Engineering

2025-Pursuing

First Sem Sgpa-8.27

Second Sem Sgpa-8.50

Bachelor of COMPUTER SCIENCE

2022-2025

Abeda Inamdar Senior College

CGPA: 7.428

PROJECTS

Railway Delay Prediction System

Developed a Railway Delay Prediction System using Machine Learning and real-time railway data.

Built a responsive web application using React.js, Node.js, and Express.js for train tracking and delay analysis.

Zomato Dashboard using Power BI

Created an interactive dashboard analyzing customer, order, and category insights using DAX, slicers, and filters. Created an interactive dashboard to analyze Zomato's sales, orders, and customer ratings

Mobile Shop Management System

Developed an inventory and order tracking system using PHP, MySQL, HTML, and CSS with secure login and admin panel functionality.

Built a user-friendly interface for managing products, customers, sales transactions, and order statuses with add, update, and delete features.
